Modular

Excellent driving and truly configurable seating makes the Puma 20 the natural choice for everyday use

Go where you want to go in comfort. The Puma 20 fits into your lifestyle so you don't have to adjust to it. Truly configurable to your posture, range of options to suit and excellent driving control, the Puma 20 gives the best of todays indoor/outdoor powerchair.

Maximum independence

Designed for intensive use, the Puma 20 delivers the best driving performance in its class. Choose from front and rear wheel drive to suit your driving and environment. Superb suspension with shock absorbers combine with the excellent seating to give a smooth and stable drive.

Options range

The Puma 20 has a huge range of options to give you all the essentials you need and more. The truly configurable Sedeo seating system combines your choice of headrest, backrest, seat and legrest in your size. Combine this with options such as seat tilt and lights to create your perfect chair.

Superior driving

Expect no compromise. The strong motors inject high torque for climbing ramps with ease and the smart joystick puts you in complete control. Aesthetics have not been forgotten and the result is a highly functional chair that looks great.
